MEMORANDUM FOR SECRETARIES OF THE MILITARY DEPARTMENTS
      CHAIRMAN OF THE JOINT CHIEFS OF STAFF
      ASSISTANT SECRETARY OF DEFENSE, NETWORKS
       AND INFORMATION INTEGRATION/CHIEF
       INFORMATION OFFICER
      DIRECTORS OF DEFENSE AGENCIES
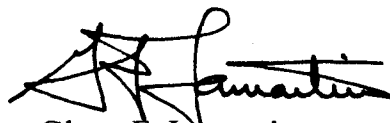

SUBJECT: Designation of Programs for CY 2005 Office of the Secretary of Defense
    (OSD) Test and Evaluation (T&E) Oversight

   Department of Defense Instruction (DoDI) 5000.2 (Operation of the Defense
Acquisition System) states that the Director, Operational Test and Evaluation, and the
Director, Defense Systems, will jointly publish an annual list of programs subject to OSD
oversight. The attached list identifies these programs and specifies developmental,
operational, and live fire T&E oversight requirements for calendar year 2005. This list
supersedes all previous versions of the OSD T&E Oversight List. The list does not
include highly classified and sensitive programs subject to T&E oversight. We have
identified these programs directly to the Program Managers.

   Designated programs are subject to DoDI 5000.2 requirements pertaining to T&E
Strategies (TESs), System Threat Assessments, Test and Evaluation Master Plans
(TEMPs), Operational T&E Plans, and the reporting of test results. To accomplish the
oversight mission, program offices shall submit appropriate supporting documentation as
required by DoDI 5000.2 to OSD for each program on the list. Submit all TESs and
TEMPs to the Director, Defense Systems (Attn: SE/Assessments and Support), Pentagon
Room 3E130, for OSD approval processing.
